

HALL SUBSCRIPTIONS EPTED, \$58,135.

SIGHT, \$83,135.

THIS DOES NOT INCLUDE ANY OF THE RAILWAYS.

Over \$4,000 Not Included in the List, as the Committee Thinks the Subscriptions Too Small -First Official Report.

The first definite official announcement of subscriptions to the convention ball project was given out by the committee last night. The total amount of subscriptions which the committee is ready to make public is \$58,135. In addition there has been \$4,400 subscribed by seven different firms and individuals which the committee declines to accept as final, expecting the amounts will be increased. One firm offers \$2,500 and the committee wants \$5,000; another offers \$1,000 and the committee expects \$5,000; a subscription of \$300 the committee thinks should be increased to \$500, and still another subscription of \$300 should be made \$1,000. A subscription of \$200, in the opinion of the committee, should be made \$500, and a \$100 subscription should be

The total of the amounts expected from these seven subscribers is \$12,500, instead of \$4,400, the amount now offered. Adding \$4,400 to the total announced by the committee makes \$62,535, which is the amount actually subscribed to the fund to date, so far as is shown by the list in the hands of the general committee, If the \$8,000 ad-ditional which is expected from the seven subscribers whose names have been with-held is added, the amount is made \$70,635.

Only one of the packing houses is includ-ed in this list, that of Armour & Co., who subscribed \$5,000, Hugh J. McGowan, chairman of the committee to solicit subscriptions from packing houses, said yesterday he expected \$5,000 from Swift & Co. and \$2,500 to \$3,000 each from Fowler & Sons, Dold and Schwarzschild & Sulzberger. These amounts will aggregate from \$12,500 to \$14,000, making the total subscription of the packing houses \$17,500 or \$19,000, and at the lowest estimate will bring the total

subscription up to \$83,135.

This does not include the subscription of the stock yards or those of any of the railroad companies, from which liberal subscriptions are expected. A committee had expected to leave Kansas City tonight to wait upon the different railway officials in Chicago, St. Paul and St. Louis, but the trip was deferred, owing to advice that several officials were away from their headquarters. One concern in Kansas City paid \$600,000 to Kansas City railroads for freight charges last year. One of its offi-cers will be a member of the committee to walt on the executives of the roads, and when he reminds the officials of this fact, it is likely to secure a hearing for the committee and careful consideration of the proposition submitted. Another member of committee is the representative of a concern which paid over \$300,000 in freight charges last year, and other members of

The employes of 6,000 concerns in Kansas City, whose subscriptions have not yet been solicited, will have an opportunity to subscribe to-day or to-morrow. This afternoon messenger boys will deliver to the merager of each of these firms a circular letter from the committee-at-large, of which Charles Schmeizer is chairman, asking that subscriptions lists, to be enclosed therewith, be circulated among the employes of each concern for subscriptions. A return envelope will be enclosed, with a request that the lists be returned to Chairman Schmeizer by noon Thursday.

Mr. Schmeizer has arranged for a "convention hall" day at the Exposition park races, on which day the total receipts are to be given to the convention hall project. He is also negotiating with Manager Manning for a "convention hall" day at the ball park.

The committee has asked for bids on a

bail park.

The committee has asked for bids on a "convention hall" button, of which 10,000 will be ordered within a day or two, hearing such inscriptions as "I am a subscriber to the convention hall fund. Are you?" "Are you in it? If not, get in it." "Make Kansas City a good place to live in." "Convention hall," etc.

Several of the sixty sub-committees submitted partial reports to the general committee yesterday, but a great many were not heard from. The committee is particularly desirous of being advised by the different committees that their members are at work. They were carefully selected with a view of putting the best men in each line of trade in charge, and the general committee believes every man selected is public-spirited enough to give the required time to soliciting from the firms assigned his committee, but it is desirous of having that fact confirmed by reports, and if possible, by reports of results and the amounts secured.

The lawyers' committee held a meeting yesterday afternoon and arranged to make a systematic canvass of the attorneys of the city, but they subscription list shows

The committee on county officers reported that a number of the officials are out of the city, but their subscription list shows \$100 to date, subscribed in the following amounts: John B. Stone, \$20: J. E. Guinotte, \$25: H. M. Stonestreet, \$25: Robert S. Stone, \$25: T. T. Crittenden, Jr., \$25: Thomas F. Callahan, \$25: John W. Wofford, \$25: John H. Thomson, \$10.

William Huttig, Jr., chairman of the lumbermen's committee, reported that over \$1.000 has been secured and the final amount will not fall below \$2.000.

Other subscriptions amounted to \$2.625. as follows: B. Adler & Co., \$100: G. Bernheimer, Bros. & Co., \$150: Jones Dry Goods Company, \$360: Ridenour-Raker Grocery Company, \$100: Kansas City Improved Street Sprinkler Company, \$25: Lanier Cravens, \$25: George D. Project for an Armory.

Colonel George P. Gross, of the Third regiment, N. G. M., is anxious to have an armory built in connection with the new convention hall. concern which paid over \$300,000 in freight charges last year, and other members of the committee are large shippers.

As Hugh McGowan puts it: "Something will be given to Kansas City; there is nothing doubtful but the amount, and that won't be small."

All Will Have a Chance.

In the figures given out by the committee yesterday, no account could be made of the amounts subscribed to the different sub-committees, sixty in number, which have been engaged in soliciting in the dirferent lines of trade. A glance at the list below shows that the aggregate is made up principally of subscriptions of large concerns and the 5,000 smaller ones, which can be depended upon to give from \$55 to \$100, are included in but few instances, while the large ones from which subscriptions for less than \$500.

The employes of 5,000 concerns in Kansas City, whose subscriptions have not yet been solicited, will have an opportunity to subscribe to-day or to-morrow. This afternoon messenger boys will deliver to the marger of each of these firms a circular letter from the committee-at-large, of which Charles Schmeizer is chairman, asking that subscriptions lists, to be enclosed therewith, be circulated among the empleyes of each concern for subscriptions, a return envelope will be enclosed, with a request that the lists be returned to Chalran an Schmeizer by noon Thursday.

Mr. Schmeizer bas arranged for a "con-stay at the armory all the time and the property and lives of the citizens and the business men should see that it has as good quarters, at least, as the other regiment to use it, will be that there will be no expense for a fanitor. The regiment to use it, will be that there will be no expense for a fanitor. The regiment to use it, will be that there will be no expense for a fanitor. The regiment that he lists be returned to Chalran an Schmeizer by noon Thursday.

Mr. Schmeizer bas arranged for a "con-stay the termination of the country. The business men of St. Louis have not only built an elegant armory did the that there will be no janitor. The regiment employs an armorer who is under strict military discipline to stay at the armory all the time and keep everything in first-class shape."

## NEW U. S. COMMISSIONERS.

They Will Be Named July 1 and the Number May Be Reduced by One or Two.

The commissions of all of the United States commissioners of the federal courts will expire July 1, and it will then devolve on Judge John F. Philips to appoint others for this district. Their commissions expire by legal limitation and such as are appo ed will serve for four years instead of having an indeterminate commission as has heretofore been the case. Judge Philips will hold court here on July 1, and will announce his appointments for the district at the time. It is understood that he has his selections made for the entire district.

Time was when Kansas City had abou

eighteen commissioners, but at present there are but three. They are Colonel John Nuckols, John W. Parry and W. O. Thomson. Commissioner Parry was formerly clerk of the district court, has been a commissioner for many years and its execution-

as. Commissioner Farry was formerly clerk of the district court, has been a commissioner for many years and is exceptionally familiar with federal laws. The others have not been in office so long.

When the federal fee and salary bill went into effect last year it was provided that commissioners should continue as they were for one year, and then all commissions expire at once. The last year has not been one of profit to any of the commissioners, as business has been very duli. Few cases and short hearings have been the rule, and the fees have been small.

In addition to the commissioners here, there is one each at St. Joseph, Chillicothe, Clinton, Springfield, Jefferson City and some other places. It is expected that not more than two and possibly but one will be chosen for Kansas City. Judge Philips is in Colorado, and it can not be learned what number he intends to select nor who the fortunate ones will be.

Big Internal Revenue Business.

"We will receive between now and the 1st of July, fully \$2,000 for new licenses from the retail liquor dealers of our district," said Chief Clerk R. J. Hawkins, of the internal revenue office, yesterday. "The money is coming in, and our cash shows over \$1,000 received to-day. Last year the men waited until the last day or two, and some of them found themselves at the opening of the year without their licenses. We notified all of them June 1. The business of the office this year will reach about \$\$5,000."

Leland Dodged 'Em All. Cyrus Leland, Jr., of Troy. Kas., was at the Blossom house for breakfast yesterday morning. Then he disappeared and is said to have gone home to Troy. Later in the day the report that he was in the city spread and haif a hundred politicians from the two Kansas Citys were callers at the Blossom house to see him, but failed to get

Wild Talk of "Any Solution That May Be Necessary" if Peaceable Means Fail-Mr. Debs Is on Salary at the Rate of \$100 a Month.

Chicago, Ill., June 21.-At a meeting of the directors of the Social Democracy of America, to-night, the following officers

were elected: E. V. Debs, chairman; Sylvester Koliher, secretary; James Hogan, vice president; William E. Burns, general organizer, \* The directors who chose these officers and were themselves elected at the meeting in the afternoon are: E. V. Debs, Sylvester Koliher, James Hogan, William E. Burns

and Leroy Goodwin. The salary of the officers was placed at \$100 per month.

At the afternoon meeting, the constitu-

tion of the Social Democracy, which has been published, was formally ratified, and Mr. Debs explained at length the aims

and purposes of the eq-operative common-wealth. A colony should be sent to Washington, from which place, he said, an official invitation had been received. After establishing the colony he would secure control of the politics of the state and start the co-operative commonwealth. "The first thing we would do after get-

ting control," he said, "would be to call a special session of the legislature. Then we would call a convention to revise the constitution and get all the rot out of it. We will have control of the taxing power and tax syndicates and land sharks out of the state. Persons shall be taxed according to their means and shall have accord-

do not know whether this question will be solved peaceably or otherwise. I hope peaceably, but I am one of those who believe in getting ready for any solution that may be necessary."

Mr. Debs said that in setting up the cooperative commonwealth in Washington the colonists might be running against the supreme court. He would consult good lawyers and learn just what the rights of the colonists were. "We want to know our rights," he said, "and make them the vade our rights, then there will be an army of 200,000 patriots on the state line to meet them on that issue."

AN ATTACK ON BRYAN.

Leading Populist of Maine Accuses the Boy Orator of Political

Bateman, of Auburn, who was the candidate of the People's party of Maine for the middle-of-the-road forces in this state

sovernor last year, and who is a leader of
the middle-of-the-road forces in this state,
to-day published an attack on William J.
Bryan. Professor Bateman says that Populist Congressman Freeman Knowles, of
South Dakota, while on his recent trip to
his old home in Skowhegan, Me., gave out
the information that Mr. Bryan's recent
gift of \$1,500 to the Populist national committee was made with the distinct understanding that no action against fusion
should be taken by the People's party before the next national convention.

This, Professor Bateman also says, is
nothing more than direct bribery. Professor Bateman also says that Bryan has appended his (Bateman's) name to Senator
Allen's letter of notification, given out last
September. Bateman was secretary of the
notification committee, but did not sign the
letter in question. He says that Bryan's
action in printing his name on the letter
in his new book is an act of political forgery. Bateman is a delegate to the middleof-the-road national conference at Nashville, Tenn., July 4. He says he will bring
these matters before that body.

ADVANCE IN BAR IRON.

First Tendency Toward Recuperation That Iron Has Shown in Six Mouths.

Pittsburg, Pa., June 21.-An advance of 5 cents per 100 on bar iron was announced this morning. This was the first tendency toward recuperation that bar iron has shown in six months. During the past few shown in six months. During the past few weeks, prices reached almost the lowest level known in the history of the industry. The advance noted to-duy, although small, is of extreme importance, coming as it does upon the eve of the conference of the bar iron wage scale. A few more such movements would be of material aid to the conference committee of the Amalgamated Association, and it would go a great way toward influencing the manufacturers to look with favor upon the request for last year's wages.

Oaxaca, Mexico, June 21.-The continued earthquake shocks and heavy rains have seriously interrupted telegraph communication with the Isthmus of Tehuantepec during the last three days. Advices were received here last night that the official commission sent to the city of Tehuantepec by President Diaz to investigate the reported formation of a volcano and the extent of the earthquake damages has arrived at its destination and found the condition of affairs much worse than it had expected. The town of Tehuantipec contained 15,000 inhabitants, and is completely destroyed, so far as houses and buildings are concerned, not one remaining standing. There were a number of substantial and costly buildings in the town. The people are living in tents and in the open air on the outskirts of the place. The earthquake shocks continue to be felt at frequent intervals, and the people are terrified. The heavy smoke and other indications of an active volcano to the west of Tehuantepec are no longer visible. during the last three days. Advices were

a deafening storm as the sovereign reached the vicinity.

The queen was dressed in black and bowed slowly to the right and to the left, to the greetings of the subjects. She looked pleased, did not wear spectacles and appeared not more tired than any woman of her age might be expected to be. The Empress Frederick, who sat beside her majesty, was also dressed in black. Prin-

## LIVELY FIGHT IN OHIO

REPUBLICAN LEADERS NOT AGREED ON A STATE CHAIRMAN.

OPPOSITION TO HANNA.

CONTEST WHOLLY AS TO THE DI-RECTION OF THE CAMPAIGN.

WKinley-Hanna Men for Major Chas. Dick, and Foraker-Bushnell Men for Charles I. Kurtz-State Convention to Meet

To-day.

Toledo, O., June 21.-Although the Relican state convention does not assemble ntil to-morrow evening, there were many delegates here to-day. There is no opposition to the indorsement of Senator Hanna Governor Bushnell and all the rest of the state officers, but there is a hard fight pending between Major Charles W. T. Dick, secretary of the national committee, and Charles L. Kurtz, for chairman of the state campaign committee. As the Mc-Kinley and Hanna following favor Kurtz, this contest is the feature of the convention. Nothing else was heard of to-day and this contest for the control of the organization has brought the delegates here

Dick's friends claim his election, with seventeen out of the twenty-one state committeemen. Dick arrived yesterday and Kurtz to-night. Both have opened headquarters and their rooms are the only points of interest. The Kurtz men claim that the state committee to-day stands ten for Kurtz, ten for Dick and one doubtful. When the delegates meet by congressional districts to-morrow afternoon, the members of the state central committee will be selected and that committee

elects the campaign chairman.

Governor Bushnell and other state officers and Chairman Kurtz arrived to-night and immediately took up the fight for the state campaign chairmanship. Governor Bushnell said it had always been the custom for the candidate for governor to name the chairman, and that he would insist on the continuance of Chairman Kurtz, who had made an excellent record in the last two campaigns. The governor would not confirm the report that he would decline the nomination if Major Dick or any other man was selected to manage the campaign instead of Chairman Kurtz. He said he couldn't say what he would do in advance of the nomination, but he was emphatic in expressing his regret that this trouble in the party organization had been brought about. The governor said Chairman Kurtz would work as hard for the election of members of the legislature as for the state ticket, and that the charges were so unjust that Chairman Kurtz should now be

vindicated. While the managers for Mr. Dick were to-night claiming seventeen out of the twenty-one congressional districts for comonfidence of re-election and claiming an ven fight. Kurtz claimed that when the state central committee recently met in Columbus to fix the time and place for this convention Senator Hanna sent Major Dick was then agreed that Kurtz should conbeen a change of plans that has been kept and others. The Kurtz men claim no one knew anything of it but those in the secret at Washington, and that emissaries were tions last week when Senator Hanna made his open move. Chairman Kurtz said tonight that the fight to-day has been waged draw or be a party to any compromise. His name would be presented to the state central committee, and if defeated they

would know who was responsible for breakwould know who was responsible for breaking proxies.

It is openly stated that Senator Foraker has appealed to his friends to stand for Kurtz. The following that Fresident McKinley and Secretary Sherman have always had in Ohlo conventions are working aggressively for Dick, and the administration is freely quoted as favoring Dick. Senator Hanna had arranged to be here to-night, but he will not arrive until tomorrow. His friends are here in full force. Among the intimations of the Dick men, one is that, under the management of Chairman Kurtz last year, Ohlo did not do as well for McKinley as it should have done, and that Senator Hanna, as chairman of the national committee, was then dissatisfied and is unwilling now to trust to the same chairman the canvass in which both the short and the long terms of the senatorship as well as the state ticket are at stake.

senatorship as well as the state ticket are at stake.

Late to-night the leaders in the movement to make Major Dick chairman of the campaign committee were in conference, and it is said J. H. Brigham, first assistant secretary of agriculture, was decided on as the candidate for governor in the event Governor Bushnell should decline on account of the defeat of Chairman Kurtz. Secretary Brigham arrived here to-day frem Washington.

IOWA FUSION SCHEME.

Democrats, Populists and Silver Republicans to Meet in State Con-

vention To-morrow. Des Moines, Ia., June 21.-The Democrats, silver Republicans and Populists, who are to hold their state conventions in this city on Wednesday, have commenced to assemble. The candidates, with their backers, are nearly all on the ground. There is much speculation as to how the conventions will be merged into one policy and one set of candidates. There are slight differences, which may become acute. The differences, which may become acute. The harmonizers have their hands full. The leading candidates for governor just pow are: Judge White, of Webster; ex-Governor Boles, of Waterloo, and J. R. Burgess, of Ottumwa. Mr. Boles has been gaining and Mr. White losing to-day. For judge of the supreme court, there is some opposition to Chief Justice Kinne, who has almost been conceded the nomination. The dissatisfaction grows out of the fact that while he voted for Bryan he has not recanted on gold. The triple convention will be one of the largest gatherings ever held in the state. The platform will be for silver, 16 to 1, without doubt, with strong local flavor.

BOIES WOULD ACCEPT.

Does Not Want to Be Governor Again, but "Could Not Shirk Party Duty."

Des Moines, Ia., June 21.-Ex-Governor Horace Boles will not attend the fusion convention this week, but will not decline nomination for governor if it is tendered him. The statement is made on the best authority. The governor says he does not authority. The governor says he does not want the nomination, and is not looking for it, but has intimated to friends privately he could not shirk party duty.

Delegates to the convention are coming in slowly. Secretary Walsh, of the Democratic national committee, is here sivocating the nomination of James Burgess, of Ottumwa, for governor. Fred White will have a large following in spite of opposition in his district, but it is not thought he can possibly win if Boles will accept.

Secretary Sherman Not to Retire.

Cleveland, O., June 21.—Secretary M. A. Hanna emphatically says that John Sherman will continue to be the secretary of state. "There is absolutely no truth in the stories which are being circulated that he is to retire to make room for Judge Day, of Canton," said he.
